SERIOUS PROBLEM

THE INFLUX OF POPULATION TO CITIES IS TREMENDOUS.

SELFISHNESS IS CURSE

Is Cause of Crime, Says Rev. R. L. Finch—Fourth Sermon of Home Mission Week.

"There are many angles to the city problem. The density of population is a most serious matter. Rural communities are being drained that the city may grow. Missouri, outside of Kansas City and St. Louis, lost 10,000 people in the last decade. These two cities gained nearly 200,000. This tremendous influx of population must be housed—must be cared for. Building codes have permitted the crowding of people together into herds and the consequent breaking down of family life. And when this is permitted, divorce and every other form of lax morality occurs. Little children, having no other playground, are forced into the streets and there, unprotected, are early acquainted with the ways of sin."

The above is an extract from the very excellent discussion of "The City Church," at the First M. E. church Thursday night by Rev. Robert L. Finch of the First Christian church.

The playground problem, which he was only permitted to touch upon later on in his discussion on account of lack of time, should be of interest to Maryville people, only a few of whom have awakened to the necessity of playground equipment for our boys and girls. Rev. Finch was a member of the public welfare board in Kansas City, Kan., and is more conversant with the needs of children and young people and how to conduct work for and with them than anyone in our city. Let us use him. He is just the man to lead in the matter of playgrounds and their equipment for Maryville.

This Friday night will be the last in the mission week study at the churches, the best in the history of Maryville Protestant churches in their annual study of religious conditions in America.

Rev. S. D. Harkness of the First Presbyterian church will speak in the First Christian church Friday evening at 7:45 on the subject of "Immigration," one that is of interest to everyone, from a religious standpoint or that of citizenship.

The congregations have increased nightly in interest and attendance and the auditorium of the First M. E. church was filled at Thursday night's meeting. The congregational singing and special singing by the choir, an anthem, "Hail, Prince of Light," were fine, as was also the quartet, "The King of Love, My Shepherd Is," by Shelley, sung by Rev. Gilbert S. Cox, Mrs. Charles Moore, Miss Nellie Wray and Mr. John Mutz.

A synopsis of Rev. Finch's sermon is here given:

"The city has ever been God's challenge to his people. As early as in the days of Abraham, God challenged ten righteous people to save a city. Joshua, leading the conquering armies of Israel accepted Jehovah's challenge and moved against the walled cities of the promised land. Because Israel was faithful and obedient Jehovah gave them the victory. Under Israel's great kings the cities of Canaan were beautified and made the centers of the nation's political and religious life. Indeed, the political and religious life of the nation was merged so that Jehovah reigned supreme.

"And when Jesus was pushed across the frontier of his Messiahship, he found his greatest challenge in the cities of his day. No longer was Israel nationally religious. The worship was ritualism gone to seed. The heart was largely taken out of it. The cities were hot-beds of sin and shame. The Master was so touched by the conditions prevailing in the cities of his day, that he was stirred to the depths, and at one time, contemplating the indifference of certain cities he blazed forth with holy wrath pronouncing condemnation upon them. At another time His tender, compassionate soul was touched by the shame of Jerusalem and he uttered words of transcendent grief that this Lad not responded to his love. But 'the boldest challenge ever flung is the modern great city.'

"The American city is a city of destiny. Geographically the American city is favored of God. It is in the path of the world's commerce. The 500 million who live on the shores of the Atlantic and the 800 million on the shores of the Pacific must pay tribute to the wealth of the American

city. Strategically located, the American city is to grow fabulously rich. And Christian business men are getting a share of this wealth. With this wealth it should be the purpose of our citizenship to build the ideal city—the city of morals and culture—foretold in Bellamy's 'Looking Backward.' Given wealth and position the American city can, and eventually will, accept God's challenge.

"But there are gigantic hurdles to be taken before the American city shall have been set free. In on word 'materialism' is the curse. Or, 'selfishness' might be a clearer term. The getting and keeping of wealth for one's own enjoyment, rather than to use for the common good, is the trouble everywhere today.

"As a result of all these conditions, crime flourishes. The United States spends daily \$3,500,000 on crime. Chicago spends \$15,000,000 yearly on vice. Murders and suicides abound. In practically every city the 'system' gives 'protection' to those who know what they want and how to get it, in the way of spoils and graft. Politicians systematically rob the public treasury and 'get away with it.'

"Against the gigantic problem of the American city, three institutions propose to struggle. The school, the home, the church. The school must be made to ever hold aloft the American ideal of liberty, freedom. The home must regain something of its lost sacredness, and become the earliest teacher of morals. The church must pour money and men into the city. Money to send men who are willing to live like Christ in the midst of suffering and want. Money to send women to the cheerless homes where starvation may be less than twenty-four hours away. Money to send Christian workers to the lonely rich, who have everything life can give except happiness.

"The church needs to preach the gospel of Jesus Christ—live the gospel of Jesus Christ as though it really believes that 'there is no other name under heaven whereby a city may be saved except that of Jesus Christ.'

"Unless the rural communities shall save the cities, through money and men, the cities will ruin the rural life, for transportation privileges bind all communities together today.

"The city challenges, the church must accept."

VIOLATING LOCAL OPTION LAWS.

Charles Kent, a Young Man of Near Bolekow, Arrested Thursday on Such a Charge.

Sheriff Ed Wallace arrested Thursday Charles Kent of near Bolekow on a charge of violating the local option laws. The sheriff has been looking for this young man for some time and found him Thursday. Kent is now in jail and an effort will be made to get bond for him.

Kent is charged with selling whisky at the Barnard picnic. There are two counts. He will be arraigned at the next term of circuit court.

Mrs. E. R. Nelson and daughter of Kansas City returned home Thursday evening from a visit with her mother, Mrs. J. M. Cavanaugh.

Mr. and Mrs. John Dooley of St. Joseph were in Maryville Friday morning on their way to St. Joseph to spend the day.

VAUGHN, WON CASE ANNOUNCED TODAY

WAS SUED BY PAT GROWNEY FOR \$1,000 ATTORNEY'S FEES.

JACKSON CASE IS UP

It Was Postponed From Thursday—These Cases Are Being Tried at Savannah.

The case of Pat Growney vs. Jerry Vaughn, which was on trial Thursday in the Andrew county circuit court at Savannah, was won by the defendant, the jury deciding it that way. The suit has been up for over two years and was over attorney's fees of \$1,000, which Growney claims he rendered for Vaughn.

The case of W. T. Jackson vs. George W. Anderson, attachment, was on trial Friday before a jury in Andrew county at Savannah. There are many witnesses in the case, every one being from Nodaway county. Jackson is represented by Shinnabarger, Blagg & Ellison and Cook, Cummins & Dawson. Anderson's attorneys are Crawford & Saylor of this city and B. R. Martin of St. Joseph. This case was taken to Andrew county on a change of venue.

The Jackson case was called Thursday afternoon, and after it was discovered that the change of venue papers and some other papers were not sent down to Savannah, the plaintiff asked that the case be set over until Friday morning, which was granted by Judge Burnes. Attorney T. A. Cummins was sent to Maryville in an auto to get papers, arriving here about 6 o'clock Thursday. He returned to Savannah Friday morning.

BACK FROM CONVENTION.

Nodaway County Pretty Well Represented at Road Meeting at St. Louis.

John H. Clary, deputy highway engineer, and E. H. Balmum and E. P. Powell, members of the township board, attended the national good roads meeting that has been in session in St. Louis this week.

Mr. Clary returned home Thursday, coming by the way of Hannibal and St. Joseph. He made a stop at Hannibal and went over the fine rock road between that city and Palmyra. It is fourteen miles long and Mr. Clary says it is one of the best roads he has ever been over.

The road convention will ask congress for an appropriation of \$25,000,000 in the construction of a comprehensive system of national highways at the expense of the federal government. A committee of four was named, Governor Major of Missouri being one of them.

TO HOLD EXAMINATION.

The Civil Service Commission to Hold One at Arkoe on Saturday, November 22.

A civil service examination will be held at Arkoe on Saturday, November 22, and the one passing the required grade will be selected as postmaster at that town. The salary of the office is about \$225 a year. The civil service commission of Maryville will give the examination.

\$160 an Acre for Land.

W. N. Houston of near Burlington Junction bought the J. J. Davis farm, near that place, this week for \$160 an acre. There were 127 acres in the tract and the consideration was \$20,440. With the acquiring of this land Mr. Houston has 427 acres.

Mr. and Mrs. Cleve Moyer and daughter went to Rosendale Thursday evening for a short visit with Mr. Moyer's uncle, J. A. Porterfield, and family.

Ballenger Farm Sold.

Charles E. Ballenger, living eight miles southwest of Maryville, has sold his farm of 120 acres to Samuel Scowden of Maryville for \$15,000. Mr. Ballenger has purchased Mr. Scowden's five-acre tract in the southwest part of the city, for \$6,000. Each will give possession the coming first of March. The deal was consummated through the firm of Wolfert & Holmes.

TO REPAIR THE BRIDGE.

Two Car Loads of Rock Will Be Used to Change River Bed of Nodaway River.

According to this week's Burlington Junction Post, the west approach of the middle bridge west of Burlington Junction will be repaired soon. Two car loads of rock had been ordered and will arrive soon. This rock will be used in the bed of the Nodaway river to change the current and prevent it from washing the west bank. The rock will be held with eight or ten large pilings.

The river makes a big bend near the bridge, and for several months the water has been washing the west bank at the approach of the bridge. The attention of the county court was called to this condition, and the court, accompanied by the county engineer, inspected the bridge a week ago last Saturday. Since the dam has been built north of town there is but little water in the old river and it was decided that the current could be changed easily.

It was reported that the west end of the bridge would have to be extended in order to put it on a firm foundation, but the court decided that this would not be necessary. A great deal of travel from west of Burlington Junction uses this bridge, and to change the bridge would work a hardship on many of the people in that locality, as they would be compelled to come to town by the north or south bridge, which would be quite a distance out of their way. The plan of filling in the west side of the river was considered more practical.

SWALLOWED A FENCE STAPLE.

Fourteen-Months-Old Son of Joseph Berg of Near Ravenwood Operated On Friday Morning.

Dr. D. J. Hunterson of Ravenwood arrived in Maryville at midnight Thursday night in an automobile, bringing with him Mr. and Mrs. Joseph Berg and their son to St. Francis hospital. The baby had swallowed a large size fence staple Tuesday while playing, but he had not shown signs of sickness or injury from it until late Thursday afternoon, when he became restless and his fever came up to 103. The parents, who live five miles east of Ravenwood, brought the child to Dr. Hunterson for treatment, and Dr. Hunterson thought best to bring him to the hospital for proper treatment.

The staple was easily located in the child's body by means of the X-ray machine. It had lodged in the large intestines and was removed with little trouble at 2 o'clock Friday morning. The little patient is doing nicely.

ELECTED OFFICERS.

The Knights of Columbus Held Election—Fred E. Diss is Grand Knight.

The Knights of Columbus, Maryville council, No. 1339, held election of officers recently and the following were elected:

F. E. Diss, grand knight; Wm. Lineman, deputy grand knight; Andy C. Cummins, chancellor; J. W. Blatter, financial and recording secretary; Louis Gram, treasurer; Joseph Kern, warden; Jerry Vaughn, inner guard; Ed L. Ferritor, outer guard; Wm. Doffing, trustee; Paul Cook, trustee; Anselm Schumacher, trustee; James Cummins, advocate; J. Ed Costello, lecturer.

MET WITH ACCIDENT

THOMAS PHIPPS OF CLEARMONT IN SERIOUS CONDITION.

TAKEN TO ST. JOSEPH

Friday Afternoon to Ensworth Hospital—Revolver Discharged When Crawling Through Fence.

Thomas Phipps, the young man living four miles north of Clearmont who was accidentally shot Wednesday morning, was taken to Ensworth hospital in St. Joseph Friday afternoon in a serious condition.

The young man left his parents' home about 7 o'clock Wednesday morning to spend the morning hunting. He carried with him a revolver and a hammer in one of his hip pockets. In climbing through a fence, it is supposed the hammer rubbed against the trigger of the revolver and caused it to discharge. The bullet passed through his hip and lodged at the end of the spine. He walked to his home before telling what had happened, and it was five hours from the time he was injured until he had the attention of a physician.

He was very ill Thursday night, having several relapses, owing to the loss of blood. He was taken to Ensworth hospital for the removal of the bullet. He is 22 years old.

DIED THURSDAY.

Grandma Brewer of Near Barnard Was Confined to Her Bed Eighteen Years From Rheumatism.

Grandma Brewer, who lived with her son, Bert Hudson, two and a half miles southeast of Barnard, died Thursday afternoon. The day was the seventy-eighth anniversary of her birth. Mrs. Brewer had been a sufferer from rheumatism for twenty years and had been confined to her bed eighteen years.

The funeral services were held at 1 o'clock Friday afternoon at the Hudson home by Rev. W. A. Chapman of Rosendale. Burial took place in Bolckow cemetery by the body of Mrs. Brewer's husband, who died a year ago last September.

Mrs. Brewer is survived by two sons and daughters by her first marriage and two daughters living near Bedford, and four sons of her second marriage.

A NEW BANK AT ELMO.

O. A. Simmons of Atchison, Kan., is Back of the Deal—Several People Are With Him.

Elmo is to have a new bank, so the report is. O. A. Simmons of Atchison, Kan., is the principal promoter of the institution, and with him it is said are associated several Elmo people. The report is that the capital stock will be \$10,000, and that no one can have over \$500 in the bank. Some of the people mentioned in connection with the new bank are Frank and W. L. James and Adkins Bros. Last week Mr. Simmons was in Elmo and held a meeting with a number of those interested in the deal.

Simmons is well acquainted in Elmo, owing to his trouble with Joe Younger, which has been up in court here. He has most of the Younger property at Elmo.

TO COLLECT \$13,405 IN TAXES.

The Assessed Valuation of the City is \$1,905,409—Bonded Indebtedness \$106,000.

The city taxes to be collected this year is \$13,405, and with the saloon licenses of \$8,400 and peddlers' and show licenses, will bring the total amount up to about \$23,000. The assessed valuation of the city is \$1,905,409, and the tax rate is 70 cents on the \$100 valuation.

The bonded indebtedness of the city is \$106,000, the \$100,000 being the water works issue. The \$6,000 issue will be paid off within the next year.

According to Assessor Ed F. Hamlin of Polk township, there is an increase of \$246,000 in valuation this year over last.

Will Meet Saturday.

The Queen Esther Circle will meet Saturday afternoon at 2:30 o'clock at the home of Miss Fay Herndon.

THE WEATHER

Unsettled and probably showers tonight Saturday generally fair; colder tonight; moderate, variable winds becoming northerly.

TO-NIGHT

THE HOUSE OF MYSTERY (Special—2 parts). Danton passed millinery shop, saw a pretty hat and bought it for his fiancée. Inez wore it—and then all sorts of mysterious things began to happen! Whenever Inez went money and jewelry were roughly crowded into her pockets! The police were helpless. And then suddenly, Inez disappeared. Danton grew desperate and sought out Henry Sterret, a famous detective, who agreed to undertake the case.

Sterret soon solved some of the mystery of that dainty bit of head-gear. Madeline, his assistant, purchased one and immediately became the recipient of money and jewelry. What happened to her and Sterret, the thrilling rescue of Inez from The House of Mystery, makes a film that for absorbing story, dramatic situations, spectacular effects and convincing acting, is the vast exception among multiple reel subjects.

THE QUESTION OF A SENATOR.

The attitude of the United States
senate in the matter of seating Sen-
ator-elect Blair Lee of Maryland may
be watched with profit in Missouri.
There is a question if the amendment
as adopted by the state for the direct
election of United States senators does
not contemplate action by the state
legislatures providing specifically for
such elections before such elections
become regular. The state of Alabama
is now without one senator because
the governor of Alabama refused to
call a special session of the legisla-
ture either to authorize the appoint-
ment of a successor to Senator John-
ston or to provide for a special elec-
tion to fill the vacancy. The governor,
on the other hand, appointed Judge
Clayton to fill the vacancy, and the
senate, which, under the constitution,
is the judge of its own membership, re-
fused to accept Judge Clayton's cre-
dentials.

In Maryland Senator Jackson was
appointed to fill the unexpired term of
Senator Raynor prior to the promulga-
tion of the new amendment, and that
term does not expire until 1915. In
the recent elections held in Maryland,
Senator Lee was elected to fill the
same unexpired term. Now the ques-
tion is, will the prior appointment or
this election without action by the leg-
islature be recognized?

Senator Jackson is a Republican and
Senator-elect Lee is a Democrat. The
Democratic majority is dangerously
small since the death of Senator John-
ston, but the senate declined to admit

Good, Clean Things to Eat.

Judge Clayton when his vote on the
tariff bill was desirable, because it
could not afford to establish any dan-
gerous precedents.

In Missouri and other states sen-
ators are to be elected next fall for
the first time to succeed those whose
terms will regularly expire. Governor
Major has taken the position that no
special session of the legislature is
needed to make the election regular,
but, if two men are turned down in
succession, sufficient doubt will be
cast on the proposition to make it a
dangerous risk. Democratic states
cannot afford to take the risk of los-
ing representation in the senate and
of losing the majority in that body.
The matter of expense involved in a
brief session of the legislature should
not have any weight if such session is
needed. Missouri will be able to pay
for what she really needs, and we pre-
sume no risk will be taken.

Something Lasting.

Oh, for something that is lasting,
Something that will prove to me
An abiding pleasant blessing,
And a comfort always be.

Something that will cheer while pass-
ing

Over life's tempestuous sea,
While the billows high are raging,
Then will cheer and comfort me.

Something that will never fail me,
While eternal ages role,
That will always make me happy,
Satisfy the immortal soul.

Earth with all its honor giving,
Has no lasting charms for me;
Far away it all is passing
From my sight it soon will flee.

Do you point to earthly riches,
Coffers filled with precious gold?
Do you tell me here are pleasures
Giving joy to young and old?

Do you point to earthly honor,
Won by great and mighty deeds?
Do you tell me it gives succor
That will satisfy my needs?

Do you point to earthly pleasure?
Do you tell me it gives joy,
And an ever present treasure
From which flows peace without
alloy?

So in crossing death's dark river,
I must leave these all behind;
Naught of comfort, naught of pleasure
Can they give the immortal mind.

Is there not some where a fountain
With a never failing store,
Where with true assurance, certain,
I may drink and thirst no more?

Where my soul's immortal longing
May receive its full desire;
Where my weary spirit sinking
May find rest and never tire?

Yes, there is a fountain open
That will always comfort give,
Never failing, never ceasing,
Come ye thirsty, drink and live.

He who goes to that great fountain
Opened on Mount Calvary,
Finds a treasure, sure and certain
Throughout all eternity.

All along life's toilsome journey,
There the weary may find rest;
Find the pearl of richest beauty,
That will make them ever blest.

Then come all ye anxious millions,
Seeking pleasure here below,
From this fountain's rich provisions
Life, eternal life doth flow.

Come, drink deep of this rich fountain;
Try its never failing store,
Come ye weary, heavy laden,
Drink and rest for evermore.

Worked for Orphans' Home.

The ladies of the Salem Christian
church, southwest of Maryville, met at
the home of Mr. and Mrs. W. T. Key
Thursday and packed two barrels of
provisions for the Orphans' Home in
St. Louis. This church had intended
to send its offering with the car load
that was shipped two weeks ago by
several Christian churches of the
county to the Orphans' Home, but the
season was so busy with the farmers
of that community that no one could
leave home to gather the offerings to-
gether for shipment, so they are send-
ing this shipment alone. Their dona-
tion consisted of fifty quarts of fruit,
lots of clothing and some bed clothing,
all in good condition, not a shoddy
garment in the offering. One barrel
was filled with potatoes. Those pres-
ent at this meeting were Mrs. W. T.

Jewel Art Club Gave a Party.

The Jewel Art club entertained their
young men friends Thursday evening
at the home of Misses Dora, Maggie,
Daisy and Bessie Allen, four of the
club members. The house was decora-
ted in a manner suggestive of the
Thanksgiving season, and the tally
cards for the progressive games at
dominoes also bore Thanksgiving em-
blems. The guests were received by
two little friends of the club, Miss Doris
Goforth and Miss Marie Alden. A two-
course luncheon was served after the
games, and several piano numbers

were given by the guests. The ladies'
first prize, a bouquet of chrysanthem-
ums in the club colors, pink and
green, went to Miss Hazel Gove and
the consolation prize, a doll, to Miss
Doris Cummings. The first prize for
the gentlemen, a silk handkerchief,
went to Edgar Hull, and the consola-
tion prize, a toy dog, to Lee Strickler.
The guests were Misses Mildred, Lois
and Doris Cummings, Angie and Hazel
Vanhorn, Cleo and Marie Grundy,
Mayme and Agnes Brewer, Ada Morin,
Eddie McDonald, Hazel Gove, Hazel
Martin, Bernice Cast, Mayme Tilton,
Messrs. Abner Johnson, Ursie Crock-

The Dollar Brigade's Luncheon.

The Dollar Brigade of the Ladies'
Aid society of the First Baptist church
held a most successful all-day meet-
ing Thursday at the home of Mrs. Wil-
liam Everhart, with a cafeteria lunch-
con at noon. About seventy-five ladies
were present between the hours of 10
and 4 o'clock, and eight lovely comforts
were made, beside the serving of the
luncheon and the afternoon's program.
The program began at 1:30 with the
singing of "Blest Be the Tie that
Binds" and Scripture reading by Mrs.
Flora Quinn and sentence prayers led
by Mrs. S. A. Helwig, Mrs. L. P. James,
Mrs. W. E. Davis and Mrs. Clark An-
drews, when "Nearer, My God, to
Thee" was sung, with Miss Hazel Ever-
hart as pianist. A piano number,
"Novelette in F minor," by Schar-
wenka, was given by Mrs. Louis M.
Hale. This was Mrs. Hale's first ap-
pearance before a company as a pianist.
Her audience was charmed by her
playing and are more than ready to
vouch for her reputation as a pianist.
The Dollar Brigade then held its ex-
perience meeting. Mrs. W. A. Bailey,
the treasurer for the brigade, reported
\$100 on hand, with \$15 out that
could not be brought in and reported
that day on account of the inability of
several who could not be present. Ev-
erybody was very happy over the re-
sult of the day's gathering. The bri-
gade presented a beautiful colored
chrysanthemum to the youngest mem-
bers, Marion, Esther and Homer Gile,
10, 8 and 4 years old, who always have
a good story to tell as how they earned
their dollars, and a large white chrys-
anthemum to their mother, Mrs. S. T.
Gile. The program closed with sing-
ing "Praise God from Whom All Bless-
ings Flow" and prayer by the pastor,
Rev. L. M. Hale.

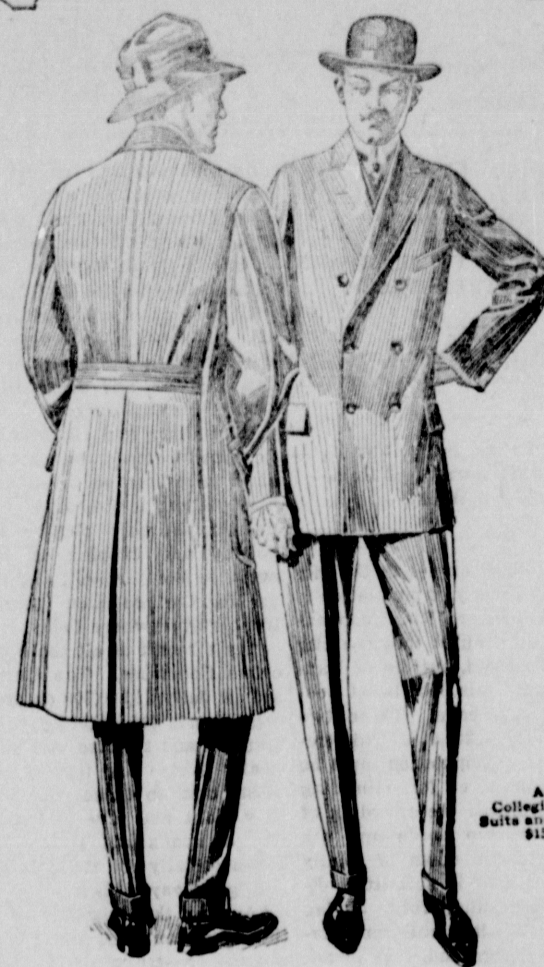

As a Butter Maker.

The following is from the St. Joseph
Gazette in regard to a Conception
young woman:

Without wishing to be considered as
disparaging in any way the highly ap-
preciated and too infrequently enjoyed
efforts of our present day housekeep-
ers in the edible producing line, we
cannot refrain from feeling great en-
thusiasm over the achievements of
charming Miss Eileen Archer of the
cheerful town of Conception as a but-
ter maker and explainer of butter mak-
ing principles. So adept is Miss Eileen
at both these jobs that she has but
recently captured a highly valuable
and also useful prize in each. The
ability to make good butter—butter
which will melt in your mouth instead
of trying to jump off the table and
scoot out of the room when you reach
for it—is some talent, believe us. But
to be able afterward to tell how it is
done is adding the marvels of domes-
tic science to expert activity. Regard-
less of how good butter the average
woman makes—and we should not
undertake to tell any member of the
sex that hers wasn't the best ever—it
is seldom that she can explain exactly
how the trick is done. She will detail
that you put in a pinch of salt at a
certain period—well, when it looks
just so, you know—and that you work
it—oh, depending on how much it
seems to need, using your own judg-
ment—and take care to see that all
the cream is out of it—by watching to
see if any more remains. These and
many other interesting if not enter-
taining steps in the process of butter
making have often been explained to
us, but not until Miss Eileen wrote
her methods out in such clearness of
fashion that she won a prize for the
plan did we realize that butter making
could be taught to the uninitiated. We
hope that industrious Miss Eileen will
catch a nice beau, and we are sure the
best boy of the neighborhood will not
rest until he gets her if he knows on
which side his bread is buttered.

Mrs. Ingram Recovering.

Dr. F. M. Martin went to Hopkins
Friday to see Mrs. James Ingram, liv-
ing near there, who is recovering from
her injuries in an automobile accident
near there in September. Mrs. In-
gram's injuries were at first thought
fatal, and she was a patient at St.
Francis hospital seven weeks, and her
life hung in the balance many days.
She suffered concussion of the brain,
a compound fracture of the bones of
her right leg below the knee, while the
ligaments of the hip were badly lac-
erated, with bad contusions of both
lower limbs. She is doing well and
will be able to walk before long.

TRY TO RENEW NEGOTIATIONS

Members of Huerta Cabinet Working to That End.

APPEAL TO O'SHAUGHNESSY.

Advisers Claim to Have Consent of Provisional President to Make Concessions to United States—Want America to Withhold Action.

Mexico City, Nov. 14.—Members of President Huerta's official family are working diligently for the reopening of the negotiations and claim to have the consent of General Huerta to make concessions which they believe will be satisfactory to the United States.

The Mexican minister of the interior, Manuel Garza Aldape, saw Nelson O'Shaughnessy, the American charge d'affaires, and appealed to him to do all in his power to induce the United States to withhold action until the Mexican officials could communicate with Mr. Lind, now at Vera Cruz. He based his appeal on the allegation that they were unable to get in touch with General Huerta in order to present to him Mr. Lind's communication.

The American charge could give the minister little assurance. Senior Aldape asked if Mr. Lind could be persuaded to return to the capital, or, if failing, if a representative of the government might not go to Vera Cruz and confer with Mr. Lind. Mr. O'Shaughnessy expressed the opinion that either course would be useless.

In the end they agreed to present their case to President Wilson, embodying the reply to the representations of President Wilson with an appeal for a postponement of action directed at lifting the embargo on arms and ammunition, or such other action as had been decided upon.

It is believed that General Huerta, through his counselors, proposed to present a plan in the nature of a substitute. He is said to be reconciled to the idea of resigning from the presidency, but wants to submit his resignation to the new congress, the body which President Wilson, through Mr. Lind, has declared must not convene.

FRANCE IS DEEPEST IN DEBT

Nations of World Feeling Effects of High Cost of Living.

Washington, Nov. 14.—Saddled with debt, the nations of the world are feeling, no less than individuals, the pressure of the "high cost of living." This is clearly set forth in a report issued by the bureau of foreign and domestic commerce, dealing with the national debts of the principal governments. It is divulged that the aggregate debt is upward of \$42,000,000,000, an increase of 20 per cent in the last decade and double what it was forty years ago.

France, according to the experts' figures, has been leading the fastest pace, for its debt is the heaviest of any single government. Following is Russia, after which come the United Kingdom, Italy, Spain, British India, Japan, Germany and the United States in the order named. The debt of this country in the last ten years grew by a little more than \$100,000,000.

The rates of interest on this vast volume of indebtedness are a source of especial comment in the report. The strong nations are enabled to get money at comparatively low rates, but the smaller and less well established governments are compelled to pay heavily for accommodation.

DIRECTORS WERE DUMMIES

Three Stenographers Officers of Concern Borrowing Millions.

Denver, Nov. 14.—Three stenographers, two of them girls, employed in the offices of the Mountain States Telegraph and Telephone company here were the officers and directors of the Corporation Securities company, a \$50,000 corporation which borrowed millions of dollars and bought up numerous telephone lines in the west, according to the admission made by Milton Smith, counsel for the Mountain States company, in a hearing before C. J. Smythe, assistant to the attorney general of the United States. Mr. Smyth is taking testimony for use in the government's suit to break the alleged telephone monopoly of the Bell corporations.

It is charged by the government that the Corporation Securities company was organized by the Mountain States as a means of acquiring the stock of the Interstate Consolidated Telephone company of Portland and its subsidiary companies in Washington, Montana, Idaho and other western states.

Parliament of China Suspended.

Peking, Nov. 14.—The Chinese parliament was suspended by the decision of a joint session of the remaining members of the two houses. It had been announced some days ago by officials that President Yuan Shi Kai intended to substitute for the parliament an "administration council" of seven to nine members, composed of cabinet officers and others appointed by the president. Yuan considered the parliament unwieldy.

Treaty of Peace Signed.

Athens, Nov. 14.—A treaty of peace between Greece and Turkey was signed.

INDIGESTION, GAS OR SICK, SOUR STOMACH

Time It!—"Pape's Diapepsin" Makes Your Upset, Bloating Stomach Feel Fine in Five Minutes.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Advertisement.

AFTER COUGHING TWO YEARS

Waycross, Ga., Woman Found Relief in Vinol.

Did you ever cough for a week? Then just think how distressing it must be to have a cough hang on for two years.

Mrs. D. A. McGee, Waycross, Ga., says: "I had a very heavy cold which settled into a chronic cough which kept me awake nights for fully two years, and felt tired all the time. The effect of taking your cod liver and iron remedy, Vinol, is that my cough is gone. I can now get a good night's rest and I feel much stronger in every way. I am 74 years old."

It is the combined action of the medicinal elements of the cods' livers aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient for chronic coughs, colds and bronchitis—at the same time building up the weakened, run down system.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.—The Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

S. P. TRAINMEN GO ON STRIKE

Twenty-five Hundred Sunset Employees Walk Out.

TRAFFIC TIEUP IS THREATENED

Territory Affected From El Paso to New Orleans, 2,400 Miles of Track. All Trains Due to Leave Terminal Points Are Annulled.

Houston, Tex., Nov. 15.—Approximately 2,500 trainmen and engineers on the Atlantic division of the Southern Pacific railroad on the Sunset lines went on a strike, in accordance with an ultimatum presented to the officials of the road here by delegates representing the four union organizations involved. The walkout came after more than six months of futile negotiations, which sought an amicable adjustment of difficulties between the company and the men.

An eleventh-hour appeal to the federal board of mediation and conciliation by the railroad failed to stop the walkout, and with engineers, firemen, conductors and trainmen from El Paso to New Orleans on a strike, the southwest faces a possibility of one of the most serious tieups of traffic in years. Railroad officials were silent as to what efforts were being made to relieve the situation, but reports from other points indicated preparations were being made for the coming of strikebreakers. All trains were annulled until further notice.

The grievances include the question of wages, alleged violation of contract by the railroad and various personal complaints.

DRYS TAKE RAP AT BRYAN

Anti-Saloon League Makes Veiled Attack Upon Secretary.

Columbus, O., Nov. 14.—The convention of the Anti-Saloon League of America adopted a resolution making a veiled attack on Secretary of State Bryan for his part in the recent senatorial campaign in Maryland. The resolution states that federal officers interfering in state politics should consider themselves the moral guardians and political sponsors of the men elected to office through their influence and should hold themselves responsible for the conduct of these men while in office.

Members of the resolution committee said that they had in mind Secretary Bryan and the part he took in the election of Blair Lee as United States senator from Maryland when the resolution was drawn.

The convention adopted resolutions favoring nationwide prohibition, secured through a federal constitutional amendment, and opposing the system of licensing or taking revenue from the liquor business.

A delegation of 1,000 or more will be named to travel to Washington and present the petition for a prohibition amendment to congress and President Wilson.

Rev. Dr. Purley A. Baker was re-elected national superintendent of the Anti-Saloon league for two years.

Bishop Luther B. Wilson of New York was re-elected national president of the league by the board of trustees. T. E. Nicholson of Richmond, Ind., was elected secretary, and Foster Copeland of Columbus, treasurer.

PLAN TO END RECEIVERSHIP

Bondholders Propose to Reorganize Orient Railroad.

Kansas City, Nov. 14.—Attorneys representing bondholders and stockholders of the Kansas City, Mexico and Orient railroad and construction and financial interests concerned with the future of that line were here to lay before Judge John C. Pollock of the federal court a proposal for the reorganization of the road.

The Orient was placed under a receivership in March, 1912, and is now under the direction of eleven receivers, three separate sets having been appointed to control its properties in Missouri, Kansas and Oklahoma, in Texas and in Mexico.

A tentative agreement was submitted to Judge Pollock, the terms of which sets forth that the bondholders proposed to give the construction companies \$4,000,000 in common stock, \$1,800,000 in adjustment bonds in the reorganized company and to assume a debt aggregating \$1,578,000.

Asks Fifty Thousand for Libel.

Columbus, O., Nov. 14.—A suit asking \$50,000 damages for criminal libel was filed in Franklin county against Rev. U. G. Robinson of St. Louis, former state superintendent of the Anti-Saloon league in Missouri, by W. E. Johnson of Westerville, O., editor of the New Republic, an Anti-Saloon league publication. Rev. Robinson is alleged to have criticized the policies of the league and attacked the personal character of its officials.

Methodists Will Invade Mexico.

Decatur, Ill., Nov. 14.—That the missionaries of the Methodist church will go into Mexico as soon as the present crisis is over and try to prevent further revolutions and uprisings through the workings of the Christian religion was the decision made by the general committee of the foreign missions board of the Methodist church at its session here.

Special Cash Discount

Beginning with the November meter readings the bills for which will be due December 1, 1913, we will give a special discount of 10 per cent to all meter users using 8 kilowatt hours or more in any one month, if the bills are paid not later than the tenth of each month. This applies to those now using service at the 15c per kilowatt rate.

To illustrate: If your meter for November reads 8 kilowatts your bill would be \$1.20. If you pay your bill before the 10th of December you get a discount of 10 per cent, or 12c, making your payment \$1.08.

FOURTEEN KILLED, HUNDRED INJURED

Train Plunges Down Embankment in Alabama.

Eufaula, Ala., Nov. 14.—Fourteen persons were killed and more than 100 injured, some of them fatally, when three coaches of a Central Georgia passenger train left the rails at a point seventeen miles south of here and plunged down a steep embankment. The train, which consisted of five cars, crowded with excursionists, was en route from Ozark, Ala., to Eufaula, where a fair is being held. The identified white dead are:

Pomp Outsey, Clayton; Monroe Floyd, Clayton; Miss Bonnie Brock, Clio; Curg Bell, Clayton; Mrs. Laura Wilkinson, Clio; Mrs. Wilbur McLean, Clio; child of B. F. Brock, Clio; Mrs. Alto Adams, Elamville; Seack Peak, Clayton.

The bodies of three negroes also were taken from the wreckage.

Among those who escaped with minor injuries was Jefferson D. Clayton, a brother of Congressman Henry D. Clayton of this state.

A broken rail is said to have caused the accident.

VESSEL UNDER FREIGHTER

Engineer Certain Two Crafts Collided in Fierce Gale.

Port Huron, Mich., Nov. 14.—Does another vessel lie beneath the wreck of the overturned vessel in Lake Huron, thirteen miles north of here?

This theory was advanced by Milton Smith, assistant engineer of the ill-fated steamer Charles S. Price. Mr. Smith left his ship at Cleveland the day before it rode in the teeth of Lake Huron's gale and foundered with all hands on board.

Mr. Smith returned to Port Huron from Thedford, where he went to aid in establishing the identity of the men whose bodies were in the morgue there.

The first body he identified was that of John Groundwater, chief engineer of the Price.

"Are you sure?" asked the coroner.

"As sure as I know my own name is Smith," he replied.

"Well, this man had one of the Regina's life preservers wrapped about his body," said the coroner.

Smith was dumbfounded. How the chief engineer of the steamer Price came in possession of one of the life preservers of the Regina was more than he could fathom, unless the Regina and Price were in collision. In that case he believes it might have been possible that sailors of each vessel seized the life preservers that happened to be nearest.

Late news continued to add to the total of disasters on Lake Huron in last Sunday's storm and the full toll taken by the gale is not yet known. Bodies of sailors of five and perhaps six vessels were found on the shore of the lake. Wreckage from two other boats still missing was cast up by the waves and no trace had been secured of two other vessels or their crews, which number more than forty men. Never has Lake Huron been the scene of such a succession of catastrophes.

Conservative estimates of the loss of life fix the total at 150 at least. The damage to vessels and cargo will be several millions of dollars.

Double Wreck Kills Three.

Wooster, O., Nov. 14.—Three persons were killed and a dozen injured, one probably fatally, when eastbound Pennsylvania train No. 52 was wrecked four miles west of here. The passenger train was derailed, falling on another track in the path of a freight train, and the second accident caused the fatalities.

Earthquake at Panama.

Panama, Nov. 14.—Another earthquake shock was felt in this part of the isthmus of Panama. It lasted about five seconds.

STOP CATARRH!

Unless Properly Treated With Hyomei This Disease May Become Serious.

If you have catarrh, indicated by sniffing, stopped up head, droppings in the throat and morning choking, there is an irritated state of the mucous membrane which affords an ideal condition for the growth of disease germs.

Do not allow these dangerous germs to begin the destruction of your health. The easiest, simplest, quickest, surest and cheapest way to check catarrh is by breathing Hyomei. This wonderful medicated air treatment does not upset the stomach, but is breathed in through the Hyomei inhaler, directly following and surely destroying all disease germs that may have been inhaled—the tissues of the throat, nose and lungs are quickly healed and vitalized.

Money refunded by the Orear-Henry Drug Co. to anyone whom Hyomei fails to benefit. A complete outfit costs but \$1.00.

A HAPPY CHILD IN

JUST A FEW HOURS

When Cross, Constipated or If Feverish, Give "California Syrup of Figs," Then Don't Worry.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—Advertisement.

HITCHCOCK WORKING WITH REPUBLICANS

Members of Senate Committee Preparing Two Currency Bills.

Washington, Nov. 14.—The two wings of the senate banking and currency committee worked steadily preparing separate currency bills to be presented to the senate. Senator Owen and the five other Democratic members of the committee, who have supported the administration, struggled to reconcile their differences and agree on the bill which the president wants.

Senator Hitchcock and the five Republicans on the committee began perfecting a measure based on the amendments the committee had already adopted, but which were obnoxious to the president. When the committee met the administration Democrats repaired to Senator Hollis' office, leaving Senator Hitchcock and the Republicans in possession of the committee room. No program has been arranged, but a joint meeting probably will be held tomorrow and an attempt will be made to outline a course of action.

The suggestion that both wings sign a unanimous report on the undisputed portions of the bill and submit disagreeing reports on the fundamentals of the bill may be adopted.

TO CHANGE THE ROAD.

The Maryville-Barnard Road to Be Changed Near the Ellis Farm, Twelve Miles South.

S. H. Conlin of Barnard was in the city Friday and said that a change would be made in the Maryville-Barnard road near the Ellis farm, about twelve miles south of Maryville. As the road now is, it makes a turn at the Ellis farm and is not on the section line. The plan is to make the road straight and put it on the section line.

NEW CORN AT 65 CENTS.

Is Being Sold That Way at Burlington Junction—The Corn Crop Turning Out Well.

Considerable new corn has been sold this week in Burlington Junction, the price in most cases being around 65 cents. The Post of that place, in speaking of it, says:

The crop is turning out better than was expected, the yield on the low land being especially good. Wm. Mesbarger, one of the largest corn raisers in this locality, said yesterday that his corn was averaging forty bushels an acre. That on the bottom is doing much better, but the yield on the upland will be less. It is also noticed that the corn on the south slope is not so good as that on the north, due to the hot winds last summer.

W. W. Jones has husked the corn he raised on the W. H. Davis river bottom land, and the figures show that there was some very close guessing when Jones paid \$425 for half the corn on twenty-five acres. At market price for the yield the renter received just 45 cents an acre the best of the bargain. He sold considerable of the corn for seed, however, which brought him more than double the market price.

In other sections where the corn crop was practically a failure good prices are being offered, and a little corn has been shipped from Nodaway county. Most of the corn will be used right here, however, as there are a good many hogs and cattle in the county.

Elmo Boy Accidentally Shot.

Hugh, little son of Mr. and Mrs. Frank Younger of Elmo, was accidentally shot Wednesday morning while on the porch at his home, two miles southwest of that town. The Elmo Register had the following to say about it:

He was on the porch and had stooped down to tie his shoe when he was struck in the back of the head by two shot. The wounds are not serious, as the shot had spent its force. He was brought to town and Dr. Bushey dressed the wounds, and he is resting well.

The shooting was no doubt an accident, but it indicates very great carelessness in any one shooting in the direction of a dwelling. Any one out hunting ought to be more careful than this hunter showed himself to be.

SERIOUS PROBLEM

THE INFLUX OF POPULATION TO CITIES IS TREMENDOUS.

SELFISHNESS IS CURSE

Is Cause of Crime, Says Rev. R. L. Finch—Fourth Sermon of Home Mission Week.

"There are many angles to the city problem. The density of population is a most serious matter. Rural communities are being drained that the city may grow. Missouri, outside of Kansas City and St. Louis, lost 10,000 people in the last decade. These two cities gained nearly 200,000. This tremendous influx of population must be housed—must be cared for. Building codes have permitted the crowding of people together into herds and the consequent breaking down of family life. And when this is permitted, divorce and every other form of lax morality occurs. Little children, having no other playground, are forced into the streets and there, unrestrained, unprotected, are early acquainted with the ways of sin."

The above is an extract from the very excellent discussion of "The City Church," at the First M. E. church Thursday night by Rev. Robert L. Finch of the First Christian church.

The playground problem, which he was only permitted to touch upon later on in his discussion on account of lack of time, should be of interest to Maryville people, only a few of whom have awakened to the necessity of playground equipment for our boys and girls. Rev. Finch was a member of the public welfare board in Kansas City, Kan., and is more conversant with the needs of children and young people and how to conduct work for and with them than anyone in our city. Let us use him. He is just the man to lead in the matter of playgrounds and their equipment for Maryville.

This Friday night will be the last in the mission week study at the churches, the best in the history of Maryville Protestant churches in their annual study of religious conditions in America.

Rev. S. D. Harkness of the First Presbyterian church will speak in the First Christian church Friday evening at 7:45 on the subject of "Immigration," one that is of interest to everyone, from a religious standpoint or that of citizenship.

The congregations have increased nightly in interest and attendance and the auditorium of the First M. E. church was filled at Thursday night's meeting. The congregational singing and special singing by the choir, an anthem, "Hail, Prince of Light," were fine, as was also the quartet, "The King of Love, My Shepherd Is," by Shelley, sung by Rev. Gilbert S. Cox, Mrs. Charles Moore, Miss Nellie Wray and Mr. John Mutz.

A synopsis of Rev. Finch's sermon is given:

"The city has ever been God's challenge to his people. As early as in the days of Abraham, God challenged ten righteous people to save a city. Joshua, leading the conquering armies of Israel accepted Jehovah's challenge and moved against the walled cities of the promised land. Because Israel was faithful and obedient Jehovah gave them the victory. Under Israel's great kings the cities of Canaan were beautified and made the centers of the nation's political and religious life. Indeed, the political and religious life of the nation was merged so that Jehovah reigned supreme.

"And when Jesus was pushed across the frontier of his Messiahship, he found his greatest challenge in the cities of his day. No longer was Israel nationally religious. The worship was ritualism gone to seed. The heart was largely taken out of it. The cities were hot-beds of sin and shame. The Master was so touched by the conditions prevailing in the cities of his day, that he was stirred to the depths, and at one time, contemplating the indifference of certain cities he blazed forth with holy wrath pronouncing condemnation upon them. At another time His tender, compassionate soul was touched by the shame of Jerusalem and he uttered words of transcendent grief that this had not responded to his love. But 'the boldest challenge ever flung is the modern great city.'

"The American city is a city of destiny. Geographically the American city is favored of God. It is in the path of the world's commerce. The 500 million who live on the shores of the Atlantic and the 800 million on the shores of the Pacific must pay tribute to the wealth of the American

city. Strategically located, the American city is to grow fabulously rich. And Christian business men are getting a share of this wealth. With this wealth it should be the purpose of our citizenship to build the ideal city—the city of morals and culture—foretold in Bellamy's 'Looking Backward.' Given wealth and position the American city can, and eventually will, accept God's challenge.

"But there are gigantic hurdles to be taken before the American city shall have been set free. In on word 'materialism' is the curse. Or, 'selfishness' might be a clearer term. The getting and keeping of wealth for one's own enjoyment, rather than to use for the common good, is the trouble everywhere today.

"As a result of all these conditions, crime flourishes. The United States spends daily \$3,500,000 on crime. Chicago spends \$15,000,000 yearly on vice. Murders and suicides abound. In practically every city the 'system' gives 'protection' to those who know what they want and how to get it, in the way of spoils and graft. Politicians systematically rob the public treasury and 'get away with it.'

"Against the gigantic problem of the American city, three institutions propose to struggle. The school, the home, the church. The school must be made to ever hold aloft the American ideal of liberty, freedom. The home must regain something of its lost sacredness, and become the earliest teacher of morals. The church must pour money and men into the city. Money to send men who are willing to live like Christ in the midst of suffering and want. Money to send women to the cheerless homes where starvation may be less than twenty-four hours away. Money to send Christian workers to the lonely rich, who have everything life can give except happiness.

"The church needs to preach the gospel of Jesus Christ—live the gospel of Jesus Christ as though it really believes that 'there is no other name under heaven whereby a city may be saved except that of Jesus Christ.'

"Unless the rural communities shall save the cities, through money and men, the cities will ruin the rural life, for transportation privileges bind all communities together today.

"The city challenges, the church must accept."

VIOLATING LOCAL OPTION LAWS.

Charles Kent, a Young Man of Near Bolckow, Arrested Thursday on Such a Charge.

Sheriff Ed Wallace arrested Thursday Charles Kent of near Bolckow on a charge of violating the local option laws. The sheriff has been looking for this young man for some time and found him Thursday. Kent is now in jail and an effort will be made to get bond for him.

Kent is charged with selling whisky at the Barnard picnic. There are two counts. He will be arraigned at the next term of circuit court.

Mrs. E. R. Nelson and daughter of Kansas City returned home Thursday evening from a visit with her mother, Mrs. J. M. Cavanaugh.

Mr. and Mrs. John Dooley of St. Louis were in Maryville Friday morning on their way to St. Joseph to spend the day.

VAUGHN WON CASE

WAS SUED BY PAT GROWNEY FOR \$1,000 ATTORNEY'S FEES.

JACKSON CASE IS UP

It Was Postponed From Thursday—These Cases Are Being Tried at Savannah.

The case of Pat Growney vs. Jerry Vaughn, which was on trial Thursday in the Andrew county circuit court at Savannah, was won by the defendant, the jury deciding it that way. The suit has been up for over two years and was over attorney's fees of \$1,000, which Growney claims he rendered for Vaughn.

The case of W. T. Jackson vs. George W. Anderson, attachment, was on trial Friday before a jury in Andrew county at Savannah. There are many witnesses in the case, every one being from Nodaway county. Jackson is represented by Shinabargar, Blagg & Ellison and Cook, Cummins & Dawson. Anderson's attorneys are Crawford & Saylor of this city and B. R. Martin of St. Joseph. This case was taken to Andrew county on a change of venue.

The Jackson case was called Thursday afternoon, and after it was discovered that the change of venue papers and some other papers were not sent down to Savannah, the plaintiff asked that the case be set over until Friday morning, which was granted by Judge Burnes. Attorney T. A. Cummins was sent to Maryville in an auto to get papers, arriving here about 6 o'clock Thursday. He returned to Savannah Friday morning.

BACK FROM CONVENTION.

Nodaway County Pretty Well Represented at Road Meeting at St. Louis.

John H. Clary, deputy highway engineer, and E. H. Bainum and E. P. Powell, members of the township board, attended the national good roads meeting that has been in session in St. Louis this week.

Mr. Clary returned home Thursday, coming by the way of Hannibal and St. Joseph. He made a stop at Hannibal and went over the fine rock road between that city and Palmyra. It is fourteen miles long and Mr. Clary says it is one of the best roads he has ever been over.

The road convention will ask congress for an appropriation of \$25,000,000 in the construction of a comprehensive system of national highways at the expense of the federal government. A committee of four was named, Governor Major of Missouri being one of them.

TO HOLD EXAMINATION.

The Civil Service Commission to Hold One at Arkoe on Saturday, November 22.

A civil service examination will be held at Arkoe on Saturday, November 22, and the one passing the required grade will be selected as postmaster at that town. The salary of the office is about \$225 a year. The civil service commission of Maryville will give the examination.

\$160 an Acre for Land.

W. N. Houston of near Burlington Junction bought the J. J. Davis farm, near that place, this week for \$160 an acre. There were 127 acres in the tract and the consideration was \$20,440. With the acquiring of this land Mr. Houston has 427 acres.

Mr. and Mrs. Cleve Moyer and daughter went to Rosendale Thursday evening for a short visit with Mr. Moyer's uncle, J. A. Porterfield, and family.

Ballenger Farm Sold.

Charles E. Ballenger, living eight miles southwest of Maryville, has sold his farm of 120 acres to Samuel Scowden of Maryville for \$15,000. Mr. Ballenger has purchased Mr. Scowden's five-acre tract in the southwest part of the city, for \$6,000. Each will give possession the coming first of March. The deal was consummated through the firm of Wolfert & Holmes.

TO-NIGHT

THE HOUSE OF MYSTERY (Special—2 parts). Danton passed millinery shop, saw a pretty hat and bought it for his fiancée. Inez wore it—and then all sorts of mysterious things began to happen! Wherever Inez went money and jewelry were roughly crowded into her pockets! The police were helpless. And then suddenly, Inez disappeared. Danton grew desperate and sought out Henry Sterret, a famous detective, who agreed to undertake the case.

Sterret soon solved some of the mystery of that dainty bit of head-gear. Madeline, his assistant, purchased one and immediately became the recipient of money and jewelry. What happened to her and Sterret, the thrilling rescue of Inez from The House of Mystery, makes a film that for absorbing story, dramatic situations, spectacular effects and convincing acting, is the vast exception among multiple reel subjects.

THE EMPIRE of course

TO REPAIR THE BRIDGE.

Two Car Loads of Rock Will Be Used to Change River Bed of Nodaway River.

According to this week's Burlington Junction Post, the west approach of the middle bridge west of Burlington Junction will be repaired soon. Two car loads of rock had been ordered and will arrive soon. This rock will be used in the bed of the Nodaway river to change the current and prevent it from washing the west bank. The rock will be held with eight or ten large pilings.

The river makes a big bend near the bridge, and for several months the water has been washing the west bank at the approach of the bridge. The attention of the county court was called to this condition, and the court, accompanied by the county engineer, inspected the bridge a week ago last Saturday. Since the dam has been built north of town there is but little water in the old river and it was decided that the current could be changed easily.

It was reported that the west end of the bridge would have to be extended in order to put it on a firm foundation, but the court decided that this would not be necessary. A great deal of travel from west of Burlington Junction uses this bridge, and to change the bridge would work a hardship on many of the people in that locality, as they would be compelled to come to town by the north or south bridge, which would be quite a distance out of their way. The plan of filling in the west side of the river was considered more practical.

SWALLOWED A FENCE STAPLE.

Fourteen-Months-Old Son of Joseph Berg of Near Ravenwood Operated On Friday Morning.

Dr. D. J. Hunterson of Ravenwood arrived in Maryville at midnight Thursday night in an automobile, bringing with him Mr. and Mrs. Joseph Berg and their son to St. Francis hospital. The baby had swallowed a large size fence staple Tuesday while playing, but he had not shown signs of sickness or injury from it until late Thursday afternoon, when he became restless and his fever came up to 103. The parents, who live five miles east of Ravenwood, brought the child to Dr. Hunterson for treatment, and Dr. Hunterson thought best to bring him to the hospital for proper treatment.

The staple was easily located in the child's body by means of the X-ray machine. It had lodged in the large intestines and was removed with little trouble at 2 o'clock Friday morning. The little patient is doing nicely.

ELECTED OFFICERS.

The Knights of Columbus Held Election—Fred E. Diss Is Grand Knight.

The Knights of Columbus, Maryville council, No. 1339, held election of officers recently and the following were elected:

F. E. Diss, grand knight; Wm. Linenman, deputy grand knight; Andy C. Cummins, chancellor; J. W. Blatter, financial and recording secretary; Louis Gram, treasurer; Joseph Kern, warden; Jerry Vaughn, inner guard; Ed L. Ferritor, outer guard; Wm. Doffing, trustee; Paul Cook, trustee; Anselm Schumacher, trustee; James Cummins, advocate; J. Ed Costello, lecturer.

MET WITH ACCIDENT

THOMAS PHIPPS OF CLEARMONT IN SERIOUS CONDITION.

TAKEN TO ST. JOSEPH

Friday Afternoon to Ensworth Hospital—Revolver Discharged When Crawling Through Fence.

Thomas Phipps, the young man living four miles north of Clearmont who was accidentally shot Wednesday morning, was taken to Ensworth hospital in St. Joseph Friday afternoon in a serious condition.

The young man left his parents' home about 7 o'clock Wednesday morning to spend the morning hunting. He carried with him a revolver and a hammer in one of his hip pockets. In climbing through a fence, it is supposed the hammer rubbed against the trigger of the revolver and caused it to discharge. The bullet passed through his hip and lodged at the end of the spine. He walked to his home before telling what had happened, and it was five hours from the time he was injured until he had the attention of a physician.

He was very ill Thursday night, having several relapses, owing to the loss of blood. He was taken to Ensworth hospital for the removal of the bullet. He is 22 years old.

DIED THURSDAY.

Grandma Brewer of Near Barnard Was Confined to Her Bed Eighteen Years From Rheumatism.

Grandma Brewer, who lived with her son, Bert Hudson, two and a half miles southeast of Barnard, died Thursday afternoon. The day was the seventy-eighth anniversary of her birth. Mrs. Brewer had been a sufferer from rheumatism for twenty years and had been confined to her bed eighteen years.

The funeral services were held at 1 o'clock Friday afternoon at the Hudson home by Rev. W. A. Chapman of Rosendale. Burial took place in Bolckow cemetery by the body of Mrs. Brewer's husband, who died a year ago last September.

Mrs. Brewer is survived by two sons and daughters by her first marriage and two daughters living near Bedford, and four sons of her second marriage.

A NEW BANK AT ELMO.

O. A. Simmons of Atchison, Kan., Is Back of the Deal—Several People Are With Him.

Elmo is to have a new bank, so the report is. O. A. Simmons of Atchison, Kan., is the principal promoter of the institution, and with him it is said are associated several Elmo people. The report is that the capital stock will be \$10,000, and that no one can have over \$500 in the bank. Some of the people mentioned in connection with the new bank are Frank and W. L. James and Adkins Bros. Last week Mr. Simmons was in Elmo and held a meeting with a number of those interested in the deal.

Simmons is well acquainted in Elmo, owing to his trouble with Joe Younger, which has been up in court here. He has most of the Younger property at Elmo.

TO COLLECT \$13,405 IN TAXES.

The Assessed Valuation of the City Is \$1,905,409—Bonded Indebtedness \$106,000.

The city taxes to be collected this year is \$13,405, and with the saloon licenses of \$8,400 and peddlers' and show licenses, will bring the total amount up to about \$23,000. The assessed valuation of the city is \$1,905,409, and the tax rate is 70 cents on the \$100 valuation.

The bonded indebtedness of the city is \$106,000, the \$100,000 being the water works issue. The \$6,000 issue will be paid off within the next year.

According to Assessor Ed F. Hamilton of Polk township, there is an increase of \$246,600 in valuation this year over last.

Will Meet Saturday.

The Queen Esther Circle will meet Saturday afternoon at 2:30 o'clock at the home of Miss Fay Herndon.

THE WEATHER

Unsettled and probably showers tonight Saturday generally fair; colder tonight; moderate, variable winds becoming northerly.

THE QUESTION OF A SENATOR.

The attitude of the United States
senate in the matter of seating Sen-
ator-elect Blair Lee of Maryland may
be watched with profit in Missouri.
There is a question if the amendment
as adopted by the state for the direct
election of United States senators does
not contemplate action by the state
legislatures providing specifically for
such elections before such elections
become regular. The state of Alabama
is now without one senator because
the governor of Alabama refused to
call a special session of the legisla-
ture either to authorize the appoint-
ment of a successor to Senator John-
ston or to provide for a special elec-
tion to fill the vacancy. The governor,
on the other hand, appointed Judge
Clayton to fill the vacancy, and the
senate, which, under the constitution,
is the judge of its own membership, re-
fused to accept Judge Clayton's cred-
entials.

In Maryland Senator Jackson was
appointed to fill the unexpired term of
Senator Raynor prior to the promulga-
tion of the new amendment, and that
term does not expire until 1915. In
the recent elections held in Maryland,
Senator Lee was elected to fill the
same unexpired term. Now the ques-
tion is, will the prior appointment or
this election without action by the leg-
islature be recognized?

Senator Jackson is a Republican and
Senator-elect Lee is a Democrat. The
Democratic majority is dangerously
small since the death of Senator John-
ston, but the senate declined to admit

Good, Clean Things to Eat.

Judge Clayton when his vote on the
tariff bill was desirable, because it
could not afford to establish any dan-
gerous precedents.

In Missouri and other states sen-
ators are to be elected next fall for
the first time to succeed those whose
terms will regularly expire. Governor
Major has taken the position that no
special session of the legislature is
needed to make the election regular,
but, if two men are turned down in
succession, sufficient doubt will be
cast on the proposition to make it a
dangerous risk. Democratic states
cannot afford to take the risk of los-
ing representation in the senate and
of losing the majority in that body.
The matter of expense involved in a
brief session of the legislature should
not have any weight if such session is
needed. Missouri will be able to pay
for what she really needs, and we pre-
sume no risk will be taken.

Something Lasting.

Oh, for something that is lasting,
Something that will prove to me
An abiding pleasant blessing,
And a comfort always be.

Something that will cheer while pass-
ing

Over life's tempestuous sea,
While the billows high are raging,
Then will cheer and comfort me.

Something that will never fail me,
While eternal ages role,
That will always make me happy,
Satisfy the immortal soul.

Earth with all its honor giving,
Has no lasting charms for me;
Far away it all is passing
From my sight it soon will flee.

Do you point to earthly riches,
Coffers filled with precious gold?
Do you tell me here are pleasures
Giving joy to young and old?

Do you point to earthly honor,
Won by great and mighty deeds?
Do you tell me it gives succor
That will satisfy my needs?

Do you point to earthly pleasure?
Do you tell me it gives joy,
And an ever present treasure
From which flows peace without
alloy?

So in crossing death's dark river,
I must leave these all behind;
Naught of comfort, naught of pleasure
Can they give the immortal mind.

Is there not some where a fountain
With a never failing store,
Where with true assurance, certain,
I may drink and thirst no more?

Where my soul's immortal longing
May receive its full desire;
Where my weary spirit sinking
May find rest and never tire?

Yes, there is a fountain open
That will always comfort give,
Never failing, never ceasing,
Come ye thirsty, drink and live.

He who goes to that great fountain
Opened on Mount Calvary,
Finds a treasure, sure and certain
Throughout all eternity.

All along life's toilsome journey,
There the weary may find rest;
Find the pearl of richest beauty,
That will make them ever blest.

Then come all ye anxious millions,
Seeking pleasure here below,
From this fountain's rich provisions
Life, eternal life doth flow.

Come, drink deep of this rich fountain;
Try its never failing store.
Come ye weary, heavy laden,
Drink and rest for evermore.

ner Thursday Mrs. E. B. Sheldon and
Mrs. Lefe Dawson.

Married in Oklahoma City.

T. M. Ellis, formerly of Barnard,
but now of Amarillo, Texas, and Miss
Maud Turner of Lawton, Okla., were
married Thursday, November 6 at
Oklahoma City, Okla., according
to word received in Barnard this
week. Mr. Ellis is in the automobile
business.

The M. M. M. Club.

Mrs. M. D. Kemp was hostess to the
M. M. M. club Wednesday afternoon.
Roll call was responded to with "Fore-
warnings." The subject for the after-
noon's study was "First Aid to the In-
jured." Papers were given by Mrs.
George Stafford and Mrs. Edward Eg-
ley, and a general discussion followed.
Luncheon was served during the social
hour. There were two visitors, Mrs.
Fred Miller and Mrs. J. J. Pyles. The
next meeting of the club will be an
open session in the evening at the
home of Mrs. M. A. Nicholas, and will
be a Thanksgiving affair.

Mrs. Signs' Bridge Luncheon.

Mrs. C. E. Signs entertained with an
informal bridge luncheon Thursday af-
ternoon. Miss Rena Sturm won the
game prize. The guest list included
Mrs. M. Nusbaum, Mrs. A. Swike of
Plattsburg, Mrs. Ferdinand M. Town-
send and her guest, Mrs. Edward H.
Williams of New York City; Mrs. E.
G. Orear, Mrs. Charles S. Jackson, Miss

othy Pierce, Mrs. J. F. Colby.

Surprised a Sick Woodman.

Felix Grundy, who has been con-
fined to his home for some time on ac-
count of ill health, was surprised
Thursday evening by a number of his
brothers of the Woodmen of the World,
who learned that Friday was his forty-
fourth birthday anniversary. They
brought him a beautiful bouquet of
chrysanthemums and ferns and spent
a delightful social evening with him.
Mr. Grundy's health is improving in
many ways and he enjoys visits from
his friends. Those in the company
were Ezra Phelps, J. H. Woodburn,
John LaVelle, John Toughey, Harold
Wilson, E. C. Moberly, Arlie and
Charles Robey, Leslie Woodard, Paul
Leffler, Frank Wallace, W. B. Blatch-
ley, Mr. and Mrs. E. E. Tilton, Mr. and
Mrs. Roy Martin, Mrs. G. L. Fisher.

Worked for Orphans' Home.

The ladies of the Salem Christian
church, southwest of Maryville, met at
the home of Mr. and Mrs. W. T. Key
Thursday and packed two barrels of
provisions for the Orphans' Home in
St. Louis. This church had intended
to send its offering with the car load
that was shipped two weeks ago by
several Christian churches of the
county to the Orphans' Home, but the
season was so busy with the farmers
of that community that no one could
leave home to gather the offerings to-
gether for shipment, so they are send-
ing this shipment alone. Their dona-
tion consisted of fifty quarts of fruit,
lots of clothing and some bed clothing,
all in good condition, not a shoddy
garment in the offering. One barrel
was filled with potatoes. Those pres-
ent at this meeting were Mrs. W. T.
Key, Mrs. J. C. Clayton, Mrs. Peter
Fehl, Mrs. William Hardisty, Mrs. Lee
Guisinger, Mrs. Henry Hubbard, Mrs.
Douglas Hoshor, Mrs. Will Conlin,
Misses Dora Farmer, Edith Fehl, Mary
Marguerite Hardisty and Neva Key.

Jewel Art Club Gave a Party.

The Jewel Art club entertained their
young men friends Thursday evening
at the home of Misses Dora, Maggie,
Daisy and Bessie Allen, four of the
club members. The house was decora-
ted in a manner suggestive of the
Thanksgiving season, and the tally
cards for the progressive games at
dominoes also bore Thanksgiving em-
blems. The guests were received by
two little friends of the club, Miss Doris
Goforth and Miss Marie Alden. A two-
course luncheon was served after the
games, and several piano numbers

were given by the guests. The ladies'
first prize, a bouquet of chrysanthem-
ums in the club colors, pink and
green, went to Miss Hazel Gove and
the consolation prize, a doll, to Miss
Doris Cummings. The first prize for
the gentlemen, a silk handkerchief,
went to Edgar Hull, and the consola-
tion prize, a toy dog, to Lee Strickler.
The guests were Misses Mildred, Lois
and Doris Cummings, Angie and Hazel
Vanborn, Cleo and Marie Grundy,
Mayme and Agnes Brewer, Ada Morin,
Essie McDonald, Hazel Gove, Hazel
Martin, Bernice Cast, Mayme Tilson,
Messrs. Abner Johnson, Ursie Crock-
ett, Paul Leffler, Arlie and Charles
Robey, Leslie Woodard, True Hol-
lowell, Harry Scott, James Cummings,
Harold and Merle Seelman, Edgar
Hull, Lee Strickler, Leo Knox, Carl
Fisher and Leland Grundy.

The Dollar Brigade's Luncheon.

The Dollar Brigade of the Ladies'
Aid society of the First Baptist church
held a most successful all-day meet-
ing Thursday at the home of Mrs. Wil-
liam Everhart, with a cafeteria lunch-
eon at noon. About seventy-five ladies
were present between the hours of 10
and 4 o'clock, and eight lovely comforts
were made, beside the serving of the
luncheon and the afternoon's program.
The program began at 1:30 with the
singing of "Blest Be the Tie that
Binds" and Scripture reading by Mrs.
Flora Quinn and sentence prayers led
by Mrs. S. A. Helwig, Mrs. L. P. James,
Mrs. W. E. Davis and Mrs. Clark An-
drews, when "Nearer, My God, to
Thee" was sung, with Miss Hazel Ever-
hart as pianist. A piano number,
"Novellette in F minor," by Schar-
wenka, was given by Mrs. Louis M.
Hale. This was Mrs. Hale's first ap-
pearance before a company as a pian-
ist. Her audience was charmed by her
playing and are more than ready to
vouch for her reputation as a pianist.
The Dollar Brigade then held its ex-
perience meeting. Mrs. W. A. Bailey,
the treasurer for the brigade, report-
ed \$100 on hand, with \$15 out that
could not be brought in and reported
that day on account of the inability of
several who could not be present. Ev-
erybody was very happy over the re-
sult of the day's gathering. The brig-
ade presented a beautiful colored
chrysanthemum to the youngest mem-
bers, Marion, Esther and Homer Gile,
10, 8 and 4 years old, who always have
a good story to tell as how they earned
their dollars, and a large white chrys-
anthemum to their mother, Mrs. S. T.
Gile. The program closed with sing-
ing "Praise God from Whom All Bless-
ings Flow" and prayer by the pastor,
Rev. L. M. Hale.

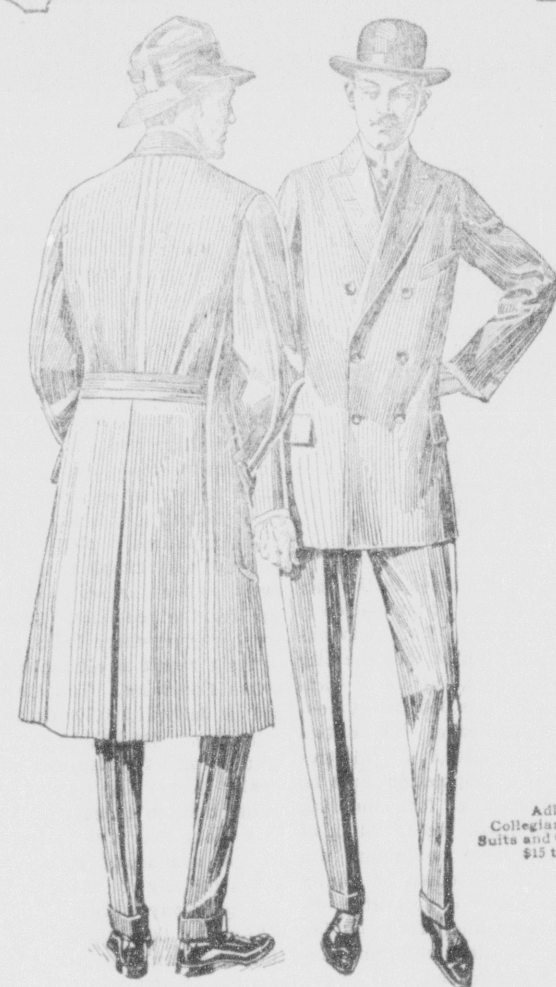

As a Butter Maker.

The following is from the St. Joseph
Gazette in regard to a Conception
young woman:

Without wishing to be considered as
disparaging in any way the highly ap-
preciated and too infrequently enjoyed
efforts of our present day housekeep-
ers in the edible producing line, we
cannot refrain from feeling great en-
thusiasm over the achievements of
charming Miss Eileen Archer of the
cheerful town of Conception as a but-
ter maker and explainer of butter mak-
ing principles. So adept is Miss Eileen
at both these jobs that she has but
recently captured a highly valuable
and also useful prize in each. The
ability to make good butter—butter
which will melt in your mouth instead
of trying to jump off the table and
scout out of the room when you reach
for it—is some talent, believe us. But
to be able afterward to tell how it is
done is adding the marvels of domes-
tic science to expert activity. Regard-
less of how good butter the average
woman makes—and we should not
undertake to tell any member of the
sex that hers wasn't the best ever—it
is seldom that she can explain exactly
how the trick is done. She will detail
that you put in a pinch of salt at a
certain period—well, when it looks
just so, you know—and that you work
it—oh, depending on how much it
seems to need, using your own judg-
ment—and take care to see that all
the cream is out of it—by watching to
see if any more remains. These and
many other interesting if not entertain-
ing steps in the process of butter
making have often been explained to
us, but not until Miss Eileen wrote
her methods out in such clearness of
fashion that she won a prize for the
plan did we realize that butter making
could be taught to the uninitiated. We
hope that industrious Miss Eileen will
catch a nice bean, and we are sure the
best boy of the neighborhood will not
rest until he gets her if he knows on
which side his bread is buttered.

Mrs. Ingram Recovering.

Dr. F. M. Martin went to Hopkins
Friday to see Mrs. James Ingram, liv-
ing near there, who is recovering from
her injuries in an automobile accident
near there in September. Mrs. In-
gram's injuries were at first thought
fatal, and she was a patient at St.
Francis hospital seven weeks, and her
life hung in the balance many days.
She suffered concussion of the brain,
a compound fracture of the bones of
her right leg below the knee, while the
ligaments of the hip were badly lac-
erated, with bad contusions of both
lower limbs. She is doing well and
will be able to walk before long.

TRY TO RENEW NEGOTIATIONS

Members of Huerta Cabinet Working to That End.

APPEAL TO O'SHAUGHNESSY.

Advisers Claim to Have Consent of Provisional President to Make Concessions to United States—Want America to Withhold Action.

Mexico City, Nov. 14.—Members of President Huerta's official family are working diligently for the reopening of the negotiations and claim to have the consent of General Huerta to make concessions which they believe will be satisfactory to the United States.

The Mexican minister of the interior, Manuel Garza Aldape, saw Nelson O'Shaughnessy, the American charge d'affaires, and appealed to him to do all in his power to induce the United States to withhold action until the Mexican officials could communicate with Mr. Lind, now at Vera Cruz. He based his appeal on the allegation that they were unable to get in touch with General Huerta in order to present to him Mr. Lind's communication.

The American charge could give the minister little assurance. Señor Aldape asked if Mr. Lind could be persuaded to return to the capital, or, if failing, if a representative of the government might not go to Vera Cruz and confer with Mr. Lind. Mr. O'Shaughnessy expressed the opinion that either course would be useless.

In the end they agreed to present their case to President Wilson, embodying the reply to the representations of President Wilson with an appeal for a postponement of action directed at lifting the embargo on arms and ammunition, or such other action as had been decided upon.

It is believed that General Huerta, through his counselors, proposed to present a plan in the nature of a substitute. He is said to be reconciled to the idea of resigning from the presidency, but wants to submit his resignation to the new congress, the body which President Wilson, through Mr. Lind, has declared must not convene.

FRANCE IS DEEPEST IN DEBT

Nations of World Feeling Effects of High Cost of Living.

Washington, Nov. 14.—Saddled with debt, the nations of the world are feeling, no less than individuals, the pressure of the "high cost of living." This is clearly set forth in a report issued by the bureau of foreign and domestic commerce, dealing with the national debts of the principal governments. It is divulged that the aggregate debt is upward of \$42,000,000,000, an increase of 20 per cent in the last decade and double what it was forty years ago.

France, according to the experts' figures, has been leading the fastest pace, for its debt is the heaviest of any single government. Following is Russia, after which come the United Kingdom, Italy, Spain, British India, Japan, Germany and the United States in the order named. The debt of this country in the last ten years grew by a little more than \$100,000,000.

The rates of interest on this vast volume of indebtedness are a source of especial comment in the report. The strong nations are enabled to get money at comparatively low rates, but the smaller and less well established governments are compelled to pay heavily for accommodation.

DIRECTORS WERE DUMMIES

Three Stenographers Officers of Concern Borrowing Millions.

Denver, Nov. 14.—Three stenographers, two of them girls, employed in the offices of the Mountain States Telegraph and Telephone company here were the officers and directors of the Corporation Securities company, a \$50,000 corporation which borrowed millions of dollars and bought up numerous telephone lines in the west, according to the admission made by Milton Smith, counsel for the Mountain States company, in a hearing before C. J. Smythe, assistant to the attorney general of the United States. Mr. Smythe is taking testimony for use in the government's suit to break the alleged telephone monopoly of the Bell corporations.

It is charged by the government that the Corporation Securities company was organized by the Mountain States as a means of acquiring the stock of the Interstate Consolidated Telephone company of Portland and its subsidiary companies in Washington, Montana, Idaho and other western states.

Parliament of China Suspended.

Peking, Nov. 14.—The Chinese parliament was suspended by the decision of a joint session of the remaining members of the two houses. It had been announced some days ago by officials that President Yuan Shi Kai intended to substitute for the parliament an "administration council" of seven to nine members, composed of cabinet officers and others appointed by the president. Yuan considered the parliament unwieldy.

Treaty of Peace Signed.

Athens, Nov. 14.—A treaty of peace between Greece and Turkey was signed.

INDIGESTION, GAS OR SICK, SOUR STOMACH

Time It!—"Pape's Diapepsin" Makes Your Upset, Bloated Stomach Feel Fine in Five Minutes.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Advertisement.

AFTER COUGHING TWO YEARS

Waycross, Ga., Woman Found Relief in Vinol.

Did you ever cough for a week? Then just think how distressing it must be to have a cough hang on for two years.

Mrs. D. A. McGee, Waycross, Ga., says: "I had a very heavy cold which settled into a chronic cough which kept me awake nights for fully two years, and felt tired all the time. The effect of taking your cod liver and iron remedy, Vinol, is that my cough is gone. I can now get a good night's rest and I feel much stronger in every way. I am 74 years old."

It is the combined action of the medicinal elements of the cod's livers aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient for chronic coughs, colds and bronchitis—at the same time building up the weakened, run down system.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.—The Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

S. P. TRAINMEN GO ON STRIKE

Twenty-five Hundred Sunset Employees Walk Out.

TRAFFIC TIEUP IS THREATENED

Territory Affected From El Paso to New Orleans, 2,400 Miles of Track. All Trains Due to Leave Terminal Points Are Annulled.

Houston, Tex., Nov. 15.—Approximately 2,500 trainmen and engineers on the Atlantic division of the Southern Pacific railroad on the Sunset lines went on a strike, in accordance with an ultimatum presented to the officials of the road here by delegates representing the four union organizations involved. The walkout came after more than six months of futile negotiations, which sought an amicable adjustment of difficulties between the company and the men.

An eleventh-hour appeal to the federal board of mediation and conciliation by the railroad failed to stop the walkout, and with engineers, firemen, conductors and trainmen from El Paso to New Orleans on a strike, the southwest faces a possibility of one of the most serious tieups of traffic in years.

Railroad officials were silent as to what efforts were being made to relieve the situation, but reports from other points indicated preparations were being made for the coming of strikebreakers. All trains were annulled until further notice.

The grievances include the question of wages, alleged violation of contract by the railroad and various personal complaints.

DRYS TAKE RAP AT BRYAN

Anti-Saloon League Makes Veiled Attack Upon Secretary.

Columbus, O., Nov. 14.—The convention of the Anti-Saloon League of America adopted a resolution making a veiled attack on Secretary of State Bryan for his part in the recent senatorial campaign in Maryland. The resolution states that federal officers interfering in state politics should consider themselves the moral guardians and political sponsors of the men elected to office through their influence and should hold themselves responsible for the conduct of these men while in office.

Members of the resolution committee said that they had in mind Secretary Bryan and the part he took in the election of Blair Lee as United States senator from Maryland when the resolution was drawn.

The convention adopted resolutions favoring nationwide prohibition, secured through a federal constitutional amendment, and opposing the system of licensing or taking revenue from the liquor business.

A delegation of 1,000 or more will be named to travel to Washington and present the petition for a prohibition amendment to congress and President Wilson.

Rev. Dr. Purley A. Baker was re-elected national superintendent of the Anti-Saloon league for two years.

Bishop Luther B. Wilson of New York was re-elected national president of the league by the board of trustees. T. E. Nicholson of Richmond, Ind., was elected secretary, and Foster Copeland of Columbus, treasurer.

PLAN TO END RECEIVERSHIP

Bondholders Propose to Reorganize Orient Railroad.

Kansas City, Nov. 14.—Attorneys representing bondholders and stockholders of the Kansas City, Mexico and Orient railroad and construction and financial interests concerned with the future of that line were here to lay before Judge John C. Pollock of the federal court a proposal for the reorganization of the road.

The Orient was placed under a receivership in March, 1912, and is now under the direction of eleven receivers, three separate sets having been appointed to control its properties in Missouri, Kansas and Oklahoma, in Texas and in Mexico.

A tentative agreement was submitted to Judge Pollock, the terms of which sets forth that the bondholders proposed to give the construction companies \$4,000,000 in common stock, \$1,800,000 in adjustment bonds in the reorganized company and to assume a debt aggregating \$1,578,000.

Asks Fifty Thousand for Libel.

Columbus, O., Nov. 14.—A suit asking \$50,000 damages for criminal libel was filed in Franklin county against Rev. U. G. Robinson of St. Louis, former state superintendent of the Anti-Saloon league in Missouri, by W. E. Johnson of Westerville, O., editor of the New Republic, an Anti-Saloon league publication. Rev. Robinson is alleged to have criticized the policies of the league and attacked the personal character of its officials.

Methodists Will Invade Mexico.

Decatur, Ill., Nov. 14.—That the missionaries of the Methodist church will go into Mexico as soon as the present crisis is over and try to prevent further revolutions and uprisings through the workings of the Christian religion was the decision made by the general committee of the foreign mission board of the Methodist church at its

Special Cash Discount

Beginning with the November meter readings the bills for which will be due December 1, 1913, we will give a special discount of 10 per cent to all meter users using 8 kilowatt hours or more in any one month, if the bills are paid not later than the tenth of each month. This applies to those now using service at the 15c per kilowatt rate.

FOURTEEN KILLED, HUNDRED INJURED

Train Plunges Down Embankment in Alabama.

Eufaula, Ala., Nov. 14.—Fourteen persons were killed and more than 100 injured, some of them fatally, when three coaches of a Central Georgia passenger train left the rails at a point seventeen miles south of here and plunged down a steep embankment. The train, which consisted of five cars, crowded with excursionists, was en route from Ozark, Ala., to Eufaula, where a fair is being held. The identified white dead are:

Pomp Outsey, Clayton; Monroe Floyd, Clayton; Miss Bonnie Brock, Clio; Curg Bell, Clayton; Mrs. Laura Wilkins, Clio; Mrs. Wilbur McLean, Clio; child of B. F. Brock, Clio; Mrs. Alto Adams, Elamville; Seack Peak, Clayton.

The bodies of three negroes also were taken from the wreckage. Among those who escaped with minor injuries was Jefferson D. Clayton, a brother of Congressman Henry D. Clayton of this state.

A broken rail is said to have caused the accident.

VESSEL UNDER FREIGHTER

Engineer Certain Two Crafts Collided in Fierce Gale.

Port Huron, Mich., Nov. 14.—Does another vessel lie beneath the wreck of the overturned vessel in Lake Huron, thirteen miles north of here?

This theory was advanced by Milton Smith, assistant engineer of the ill-fated steamer Charles S. Price. Mr. Smith left his ship at Cleveland the day before it rode in the teeth of Lake Huron's gale and foundered with all hands on board.

Mr. Smith returned to Port Huron from the wreck, where he went to aid in establishing the identity of the men whose bodies were in the morgue there. The first body he identified was that of John Groundwater, chief engineer of the Price.

"Are you sure?" asked the coroner.

"As sure as I know my own name is Smith," he replied.

"Well, this man had one of the Regina's life preservers wrapped about his body," said the coroner.

Smith was dumbfounded. How the chief engineer of the steamer Price came in possession of one of the life preservers of the Regina was more than he could fathom, unless the Regina and Price were in collision. In that case he believes it might have been possible that sailors of each vessel seized the life preservers that happened to be nearest.

Late news continued to add to the total of disasters on Lake Huron in last Sunday's storm and the full toll taken by the gale is not yet known. Bodies of sailors of five and perhaps six vessels were found on the shore of the lake. Wreckage from two other boats still missing was cast up by the waves and no trace had been secured of two other vessels or their crews, which number more than forty men. Never has Lake Huron been the scene of such a succession of catastrophes.

Conservative estimates of the loss of life fix the total at 150 at least. The damage to vessels and cargo will be several millions of dollars.

Double Wreck Kills Three.

Wooler, O., Nov. 14.—Three persons were killed and a dozen injured, one probably fatally, when eastbound Pennsylvania train No. 52 was wrecked four miles west of here. The passenger train was derailed, falling on an other track in the path of a freight train, and the second accident caused the fatalities.

Earthquake at Panama.

Panama, Nov. 14.—Another earthquake shock was felt in this part of the isthmus of Panama. It lasted about ten seconds.

STOP CATARRH!

Unless Properly Treated With Hyomei This Disease May Become Serious.

If you have catarrh, indicated by sniffing, stopped up head, droppings in the throat and morning choking, there is an irritated state of the mucous membrane which affords an ideal condition for the growth of disease germs.

Do not allow these dangerous germs to begin the destruction of your health.

The easiest, simplest, quickest, surest and cheapest way to check catarrh is by breathing Hyomei. This wonderful medicated air treatment does not upset the stomach, but is breathed in through the Hyomei inhaler, directly following and surely destroying all disease germs that may have been inhaled—the tissues of the throat, nose and lungs are quickly healed and vitalized.

Money refunded by the Orear-Henry Drug Co. to anyone whom Hyomei fails to benefit. A complete outfit costs but \$1.00.

A HAPPY CHILD IN JUST A FEW HOURS

When Cross, Constipated or if Feverish, Give "California Syrup of Figs," Then Don't Worry.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "Fruit Laxative." Children love it, and it cannot cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—Advertisement.

HITCHCOCK WORKING WITH REPUBLICANS

Members of Senate Committee Preparing Two Currency Bills.

Washington, Nov. 14.—The two wings of the senate banking and currency committee worked steadily preparing separate currency bills to be presented to the senate. Senator Owen and the five other Democratic members of the committee, who have supported the administration, struggled to reconcile their differences and agree on the bill which the president wants.

Senator Hitchcock and the five Republicans on the committee began perfecting a measure based on the amendments the committee had already adopted, but which were unopposed to the president. When the committee met the administration Democrats repaired to Senator Hollis' office, leaving Senator Hitchcock and the Republicans in possession of the committee room. No program has been arranged, but a joint meeting probably will be held tomorrow and an attempt will be made to outline a course of action.

The suggestion that both wings sign a unanimous report on the undispensed portions of the bill and submit disagreeing reports on the fundamentals of the bill may be adopted.

Miss Jessie Wilson Guest at Luncheon.

Washington, Nov. 14.—Miss Jessie Wilson, the White House bride-to-be, was the guest of honor at a luncheon given by Mrs. Josephus Daniels, wife of the secretary of the navy, at her home, "Single Oak." It marked the first of a series of similar functions to be given by the wives of cabinet officers in compliment to Miss Wilson.

NEW CORN AT 65 CENTS.

Is Being Sold That Way at Burlington Junction—The Corn Crop Turning Out Well.

Considerable new corn has been sold this week in Burlington Junction, the price in most cases being around 65 cents. The Post of that place, in speaking of it, says:

The crop is turning out better than was expected, the yield on the low land being especially good. Wm. Mesbarger, one of the largest corn raisers in this locality, said yesterday that his corn was averaging forty bushels an acre. That on the bottom is doing much better, but the yield on the upland will be less. It is also noticed that the corn on the south slope is not so good as that on the north, due to the hot winds last summer.

W. W. Jones has husked the corn he raised on the W. H. Davis river bottom land, and the figures show that there was some very close guessing when Jones paid \$425 for half the corn on twenty-five acres. At market price for the yield the renter received just 45 cents an acre the best of the bargain. He sold considerable of the corn for seed, however, which brought him more than double the market price.

In other sections where the corn crop was practically a failure good prices are being offered, and a little corn has been shipped from Nodaway county. Most of the corn will be used right here, however, as there are a good many hogs and cattle in the county.

Elmo Boy Accidentally Shot.

Hugh, little son of Mr. and Mrs. Frank Younger of Elmo, was accidentally shot Wednesday morning while on the porch at his home, two miles southwest of that town. The Elmo Register had the following to say about it:

He was on the porch and had stooped down to tie his shoe when he was struck in the back of the head by two shot. The wounds are not serious, as the shot had spent its force. He was brought to town and Dr. Bushey dressed the wounds, and he is resting well.

The shooting was no doubt an accident, but it indicates very great carelessness in any one shooting in the direction of a dwelling. Any one out hunting ought to be more careful than this hunter showed himself to be.

Mrs. W. S. Alexander of Pickering was among the shoppers in Maryville Friday.
